Integration: Works with your existing software without interruption.

Automation: Schedules appointments, sends reminders, and processes documents.

Reporting: Provides analytics to improve efficiency.

A screenshot of a mobile application interface for a legal bot. At the top, a blue header bar contains the text 'Mickey Mouse. Phone: +37378965412. Lift apartment arrest' and a timestamp '11:09' with a checkmark. Below this, a white card displays 'Your registration details:' followed by a bulleted list: Name: Mickey, Surname: Mouse, Phone: +37378965412, Issue: Lift apartment arrest, Service: Real Estate, Date: 30.07.2025, and Time: 09:00. Below the list, it says '•Please confirm that the details are correct.' and '•[Yes, correct] / [No, edit]'. At the bottom, there are two buttons: 'Yes, correct' with a green checkmark icon and 'No, edit' with a red X icon. A second blue bar at the very bottom shows 'Yes, correct' with a green checkmark and the timestamp '11:09' with a checkmark.
